SEPTEMBER 9, 2026

STATE OF THE COLLEGE

COLLEGE OF PUBLIC HEALTH AND HEALTH PROFESSIONS

Beth Virnig, PhD, MPH

Dean and Robert G. Frank Endowed Professor

Big picture…

We are doing amazing work across all missions

Our outcomes are excellent

Financially we are in an excellent place

We have much to celebrate

- **Four-mission college**
  - Education
  - Research
  - Clinical care
  - Service

- **Our focus is defined by the prevention continuum:**
  - **Primary:** *Stopping things from happening*
  - **Secondary:** *Finding them early and intervening early*
  - **Tertiary:** *We couldn't stop it, so we help people maximize functional status from wherever they are*

We are complex

- Our **education** mission spans undergraduate, graduate and professional degrees
- Our **research** spans basic science through applied policy, local through global

- Yet, we all belong together as one cohesive college… *Health wherever you are*

Education and training

Undergraduate programs

Graduates:

- BHS — 275
- BHS-CSD — 76
- BPH — 66

Major revisions to curriculum; removed limited access for BHS and BPH

Enrollment will continue to grow!

BHS Specializations

- **Pre-Professional** Designed for students pursuing medicine, dentistry, physician assistant studies and related fields
- **Pre-Rehabilitation** Tailored for students preparing for graduate programs in occupational and physical therapy
- **Applied Brain Science** Geared toward students with interests in clinical psychology, neuroscience and related areas.

UG minors and certificates

Enrollment in select UG Minors:

- Applied Brain Science — 19
- Deaf and Hearing Sciences — 54
- Public Health — 112
- Health Administration — 85

Enrollment in select UG Certificates:

- ASL and Deaf Culture — 12
- AI in Public Health and Healthcare — 20
- **Biostatistics** *Approved in AY 25-26*

Graduate programs

MS

- Biostatistics — 16
- Epidemiology — 14
- Environmental and Global Health (MHS) — 9

MPH — 88

MHA — 28

PhD

- Biostatistics — 6
- Epidemiology —7
- Public Health — 9
- Rehabilitation Science — 6

Graduate certificates

- AI in Public Health and Healthcare
- Driver Rehabilitation Therapy
- Global Health
- **Healthcare Management** *Approved in AY 25-26*
- **Management of AI in Healthcare** *Approved in AY 25-26*
- One Health
- Psychiatric Epidemiology
- Public Health
- **Revenue Cycle Management** *Approved in AY 25-26*
- **Value-Based Care** *Approved in AY 25-26*

Graduate programs

- Increased hybrid and online offerings
- Approval of Weekend Hybrid Professional MHA
- Stackable certificates
- Dual degrees and 4-1 options

Professional programs

Degree	Graduates AY 25-26	Licensure pass rate	Job placement
DPT	72	98.7%	100%
OTD	53	100%	100%
AuD	11	91%	100%
MA Communication Sciences and Disorders	32	100%	100%
PhD, Clinical and Health Psychology	14	100%	100%

Faculty awards related to training

- **Laurie Gauger**, PHHP College Teacher of the year
- **Keith Benson**, Gary L. Filerman Prize for Educational Leadership, AUPHA
- **Molly Jacobs**, UF Exemplary Course designation, exemplary online teaching award for student engagement
- **Mike von Fricken**, PHHP International Educator of the Year award

Just a few of our trainee awards and honors

Trainee	Award/Honor
Delaney Mohesky	Academy of Neurologic Communication Disorders and Sciences (ANCDS) Conference Student Fellowship
Taylor Tiscareno	Audiology Research Travel Award (ARTA) for the 2025 ASHA Convention
Lylla Turco	University Scholars Program for her work to investigate the relationships of chronic pain and socioenvironmental risk on general cognition.
Zitian Wu	American Statistical Association's Section on Statistics in Genomics and Genetics (ASA-SSGG) Student Paper Award
Lina Modjarrad	Foster G. McGaw scholarship awardee by AUPHA 2025
Florence Wang	2025 APHA Cancer Forum Trainee Award
Rachel Liu-Galvin	Distinguished Paper Award, North American Primary Care Research Group (NAPCRG)
Sarah Jo Maloney	Kappa Delta Phi Scholarship from the American Occupational Therapy Association
Pei-Yu Wu	Andersen-Clewell Trainee Award of Biological Modeling Specialty Section and Risk Assessment Specialty Section of Society of Toxicology
Xue Wu	Society of Toxicology Food Safety Specialty Section Burdock Group Student Scientific Award
Thanaporn (May) Thongthum	2025 Water Institute Research Award
Kim Nguyen	Finalist in the 9th Annual Physical Therapy Essay Contest, American Council of Academic Physical Therapy (ACAPT)
Emily Matusz	Stephanie Nicole Ross Foundation Scholarship
Dakota Leget	Top Oral Presentation, American Society of Metabolic and Bariatric Surgery

Student groups

MHA Case Competitions: ***Two*** **1st place wins!**

15th Annual Ohio State University First Year Health Administration Case Competition

ACHE of South Florida Future Healthcare Leaders Competition

University of Florida chapter of the Public Health Student Association

FPHA Public Health Student Association Award

2026 Florida Public Health Association Annual Conference

Grants and awards to trainees

Graduate Student	Award
Kayla McNeely	F31
Brittany Poole	F31
Mark Britton	F31
Shannon Lee	Graduate Student Scholar in the Health Enhancement Scientific Program through the UW-Madison
Victor Agboli	Graduate Student on VA Interpersonal Award with Brain Rehabilitation Research Center
Katelin Curtis	North Florida Foundation for Research and Education
Tanvi Verma	Society of Pediatric Psychology Graduate Student Funding
Alex Rodriguez	Robert Wood Johnson Health Policy Research Scholar

Post Doc	Award
Alec Butenas	F32
Aaron Jones	F32
Katherine Buzzanca-Fried	PCORI "Eugene Washington PCORI Engagement Award Program"
Alexandria Marciante-Jones	K99/R00
Jordan Major	American Occupational Therapy Foundation (OT)

Research

FY26 Highlights

346 awards received

$42.6M awarded

610 projects managed by PHHP

Research Performance

FY26 Full-Year Results

with FY27 Year-to-Date Comparison

Metric	FY26 Full Year	FY27 YTD	FY27 as % of FY26
Submissions	**278**	51	18%
Dollars Requested	**$268.1M**	$41.1M	15%
Federal Proposals	**189**	35	19%
Non-Federal Proposals	**89**	16	18%
Large Proposals (>$3M)	**35**	5	14%
New Training Grants	**1**	1	100%
Awards Received	**346**	91	26%
Dollars Awarded	**$42.6M**	$10.3M	24%
Expenditures	**$40.7M**	$6.5M	16%

Dollar values rounded to the nearest $0.1M.

Extramural awards

Too many to list!

- First time funding
- Many different funders
- Lots of different mechanisms

Jenny Applebaum, R21, A cardiovascular disease risk reduction intervention that leverages the human animal bond to improve hypertension control among aging people living with HIV

Francesca Arias, FL DOH, Biomarkers and Beliefs: Advancing Inclusive Alzheimer's Research Through Community Engagement and a Research-Caregiver Toolbox

Breton Asken, R56, Biobehavioral Signatures of Repetitive Head Impacts at the Intersection of Aging and Alzheimer's Disease

Stefanie Bodison, R61, Intervention to Improve Sensory Processing in Children with FASD

Erta Cenko, National Academies of Science, Engineering, and Medicine "UF and the Gulf"

Natalie Chichetto, R01, Identifying multilevel interventions to reduce cardiovascular outcomes related to syndemics of social determinants of health among people with HIV

Sean Forbes, R01, "MR Assessment of the effect of nNOS Bioenergetics and Microvascular Function in Becker and Duchenne Muscular Dystrophy"

Emily Fox, Craig Neilsen Foundation, Intermittent Hypoxia-Induced Recovery in Subacute SCI (FY 2027)

Zhoumeng Lin, USDA, Developing Pharmacokinetic models for ivermectin and doramectin in food animals for new world screwworm emergency response

Ashley Malin, R21, Fluoride exposure and bone health among adults in the United States

Simone Marini R01, Synchronized Agenitc Prescriptive System for Improving Sequentially HIV Care Continuum (SYNAPSIS-HIV-CC)

Gordon Mitchell, R01, Amplifying therapeutic benefits of AIH-induced functional recovery post-cervical SCI

Cate Price, R01 PRECEDE II Presurgical Cognitive Evaluation Via Digital Clockface Drawing Focusing on Educational Heterogeneity

Barbara Smith, R01, Enhancing rehabilitation in people with amyotrophic lateral sclerosis

Linda Struckmeyer, AARP Capacity-Building Microgrant

Krista Vandenborne, K12, Career Advancement and Development in Rehabilitation Research (CADRRE)

Mike von Fricken, USDA, Characterizing Emerging Arboviral Threats in Tick Populations

Hongwu Wang, R01, Wearable Focal Vibration on Mobility and Pain in Patients with Diabetic Peripheral Neuropathy

Lusi Yaghjyan, R01, The role of breast stem cells in early stages of breast carcinogenesis

Research

Dean's Citation Awards 2026

Breton Asken: *"Moderating effects of plasma glial fibrillary acidic protein along the Alzheimer's disease continuum."*

Linda Cottler: *"Prevalence and correlates of self-reported new psychoactive substance use among adults in 20 US cities: Results from National Drug Early Warning System surveillance."*

Andrew Judge: *"Complement pathway activation mediates pancreatic cancer-induced muscle wasting and pathological remodeling."*

Zhoumeng Lin: *"Toxicophore-informed machine learning integrating Tox21 assay readouts for organ system–specific carcinogenicity prediction."*

Michela Mir: *"Distinct sensorimotor cough features in a cohort of Progressive Supranuclear Palsy."*

Arkaprava Roy: *"Individualized multi-treatment response curves estimation using RBF-net with shared neurons."*

Ashby Walker: *"Project ECHO Diabetes Trial Improves Outcomes for Medically Underserved People."*

Vince Wu: *"A Novel Working Memory Task-Induced EEG Response (WM-TIER) Feature Extraction Framework for Detecting Alzheimer's Disease and Mild Cognitive Impairment."*

Ongoing initiatives

- Research Innovation Fund
- Promote F, K, R36 and T32 grant submissions and extramural trainee support
- Continue expanding pre-submission grant feedback mentoring of junior faculty
- Increased template language
- Building capacity for non-NIH extramural funding including federal contracts, grants from other governmental agencies, non-governmental organizations
- Friday Five
- Brown Bags

Clinical care

Clinical highlights

CHP

- **10,987** visits in FY 25 -26
- Robust telemedicine service
- Focus on areas that require specialized training
  - Medical/health psychology
  - Neuropsychology (Fixel)
  - Child/adolescent therapy and assessment

SLHS

- Telehealth for aphasia
- Reading disabilities clinic

Equal access clinics

- Student-led with faculty assistance
- Serve Alachua county residents with no/limited access to care
  - Clinical and health psychology
  - Occupational therapy
  - Physical therapy

Noteworthy

Additional highlights

- **UF's Capital Campaign is brewing**

- **Big ideas—*Really big ones!***
  - Experiential learning
  - Naming opportunities for centers, programs, the college (but it isn't just about the name)
  - Support for new and existing faculty
  - Likely more AI
  - Cross university collaborations

Noteworthy

Development

- We have a new senior development officer, **Nathan Goebel** joining us next week
- Increased focus on in-kind and corporate donations along with growing "friends of the college"
- Focus on stewardship
  - Everyone's job!
  - Chris Beatty expanding into new role focusing on stewardship
  - Many communication items that promote rankings also help with stewardship

Only some of the faculty awards

- **Meryl Alappattu,** Scholarly Impact on Practice Award, Florida Physical Therapy Association
- **Breton Asken**, UF Excellence Award for Assistant Professors
- **Rhonda Bacher,** ASA Florida Chapter 2026 Outstanding Chapter Service Award
- **Tracie Baker,** Stephen B. Harris Mid-Career Scientist Award Society of Toxicology
- **Takis Benos,** NHLBI AI Working Group to Advise the Council for AI priorities
- **Mark Bishop,** Elected honorary Fellow of the American Academy of Orthopaedic Manual Physical Therapists
- **Linda Cottler,** Inaugural Fellow of the Association for Clinical and Translational Science
- **Jonathan Fischer**, ASA StatsForward Fellow
- **David Janicke**, UF Sustained Excellence Award
- **Ara Jo,** "Distinguished Paper Award, North American Primary Care Research Group (NAPCRG), 53rd Annual Meeting (top 3 among hundreds of oral presentation submissions)
- **Jessica Kramer,** Sesqui Award for Research. American Association on Intellectual and Developmental Disabilities (FAAIDD)
- **Ji-Hyun Lee,** 2026 Scientist of the Year Award (KOFST President Award, Science Division), Korean-American Scientists and Engineers Association & Korean Federation of Science & Technology Societies
- **Ji-Hyun Lee,** Member of the Biostatistics in Cancer Research Task Force established by the American Association for Cancer Research
- **Zhoumeng Lin**, Outstanding Mid-Career Scientist Award Society of Toxicology Comparative Toxicology, Pathology, and Veterinary Specialty Section (CTPVSS)
- **CJ Liu**, NIH STAGE TRIALS Trainee
- **Tony Maurelli,** Fulbright Specialist to serve as a short-term consultant at the Institut Pasteur de Guinée
- **Becky Piazza**, Appointed to the Florida Board of Occupational Therapy.
- **Eric Porges,** UF Research Foundation Professor
- **Cate Price**, Invited Plenary Speaker, International Neuropsychological Society, Dublin, Ireland
- **Dorian Rose**, ANPT Stroke Special Interest Group Best Platform Presentation Award, APTA annual meeting
- **Barbara Smith,** Rising Star (Medicine), Academy of Science, Engineering, and Medicine Florida
- **Hongwu Wang**, National Institute of Aging Geroscience Education and Training Network Travel Award
- **Gaia Zori,** Editor's Choice Award, Health Affairs Scholar, for manuscript "The relationship between state-level abortion policy and maternal mortality in the United States: a scoping review"

PHHP programs are unique: *NONE are based on* objective measures

(other than Blue Ridge)

- **Communicating outcomes, successes—news items, LinkedIn, magazine, newsletters, etc.**
- **Engagement with professional societies**

Noteworthy

Rankings

- Major focus of Board of Trustees and President Bell
- Almost all PHHP programs have risen in rankings in recent years
  - Top in Florida
  - National presence

The future

“As we know, there are known knowns; there are things we know we know.

We also know there are known unknowns; that is to say we know there are some things we do not know.

But there are also unknown unknowns—the ones we don't know we don't know.”

Donald Rumsfeld

Known knowns

Planned growth

ADA requirements

Emphasis on rankings

Concerns about managing grade inflation

Oversight of admission processes

Workday transition

New UF Capital Campaign

Known unknowns

New EGH chair

New dean

New university leadership (EVPHS), provost, head of EPI

Changes to NIH policy

State and BOG policy changes

Unknown unknowns *(and what we can do about them)*

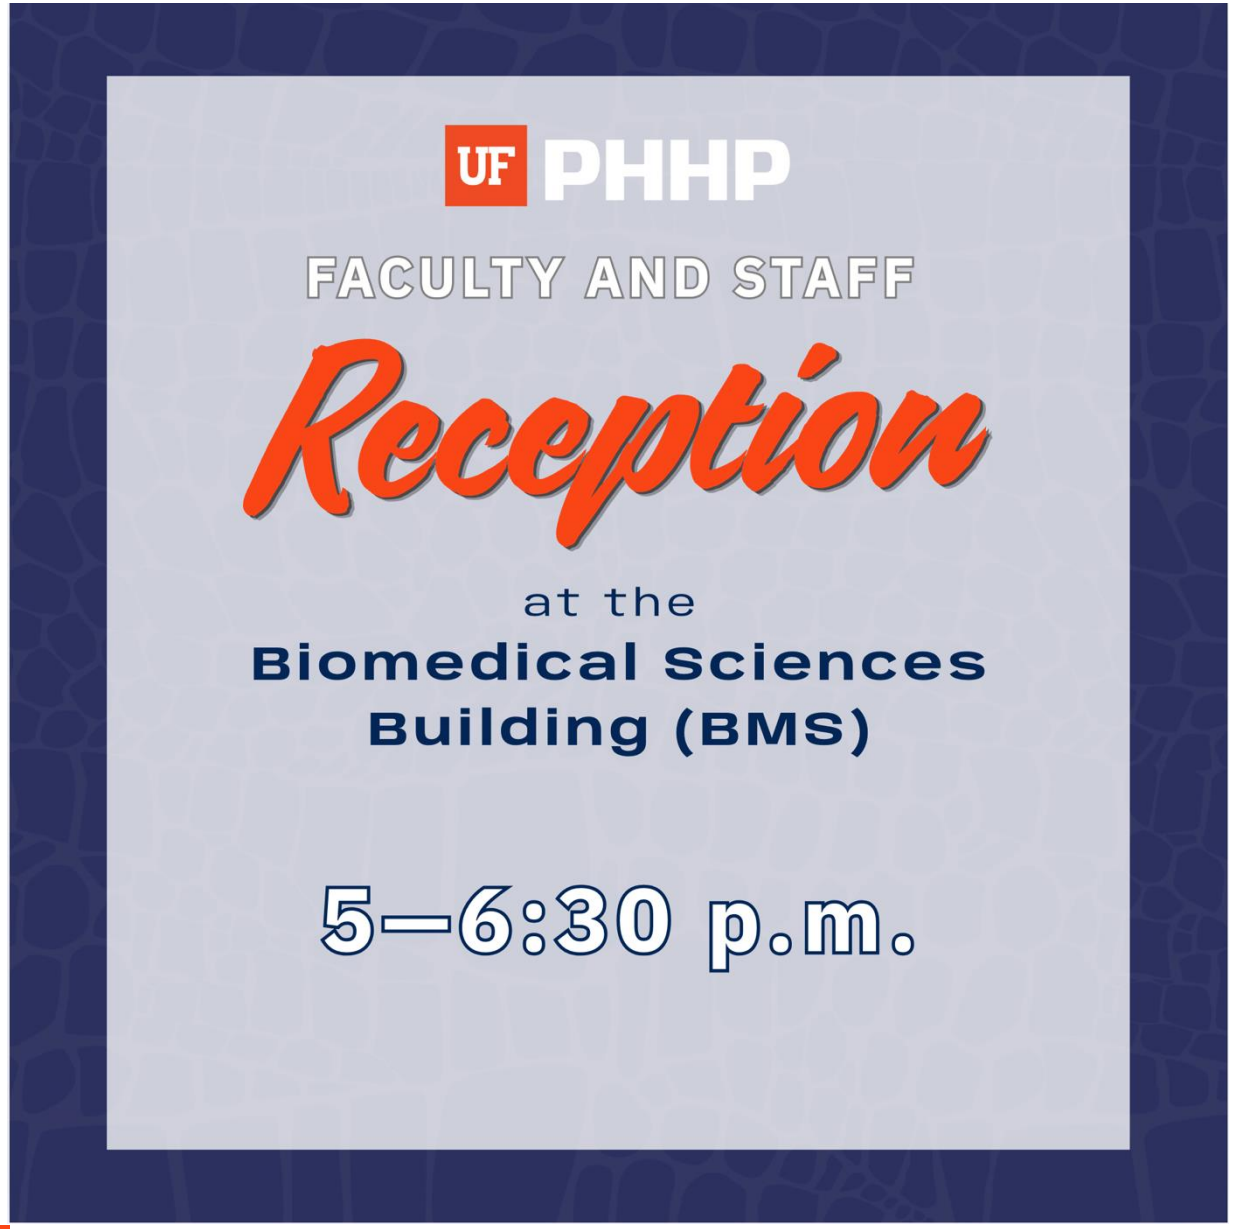
Read the news…

Don’t assume we are protected

We aren’t alone

How can we get ahead of things? How can we position ourselves as thought leaders?

We are resilient



Mark your calendars

Upcoming events

September 15: Fall for All

October 10: Alumni Awards and

Annual Alumni Reunion Tailgate

December 3: PHHP Holiday Party

April 14 & 15, 2027: PHHP Days

Questions?

Thank you!
